COVID-19 has had a significant impact on the delivery of educational programs at UBC. As there is still uncertainty around whether CP3’s September delivery will be permitted to continue in a face-to-face format, we are taking the proactive approach to transition the classroom portion of CP3 fully online. This will allow internationally located individuals to stay home, stay safe and reduce costs related to relocation and travel. Local students will also attend the program via an online delivery medium. The SPT Practicum will be delivered in its traditional face-to-face format with the current timelines in place. Practicum dates and delivery will not be altered unless government/university guidelines require a change.

We will continue to review and reassess the impact of the COVID-19 situation on our program. Prospective students and registrants should check back regularly for updates and changes to future deliveries of CP3.

Any questions should be directed to ying.gu@ubc.ca.
